**BY GRADUATE STUDENTS FOR GRADUATE STUDENTS**

Graduate students are embarking on an educational journey to prepare them for a long and successful career. We envision a diverse, enriching research and academic environment with mentors who foremost support the needs and future direction of students, and an administration which prioritizes the physical, mental, and social well-being of the graduate student body.

**ADVOCACY**
Graduate Student Council is a conduit between graduate students and the Graduate School, university administrators, and campus-wide student government to directly advocate for graduate students’ needs and for *policies, procedures, and programs* that benefit graduate and professional students.

**INCLUSION**
Graduate Student Council brings graduate and professional students from all programs together for the purpose of *networking, collaboration, and advocacy on common issues*. GSC is committed to the inclusion of international students, LGBTQ+, and groups traditionally underrepresented in higher education.

**SUPPORT**
Graduate Student Council supports progress and professional development via travel awards, researcher and volunteer of the month spotlights, and funding programs and independent efforts using our *growing budget*. GSC also hosts weekly student support groups to benefit graduate student mental health.
