

## BY GRADUATE STUDENTS FOR GRADUATE STUDENTS

---

Graduate Student Council (GSC) envisions a diverse, enriching research and academic environment with mentors who foremost support the needs and future direction of students, and an administration which prioritizes the physical, mental, and social well-being of the graduate student body.

---

### ADVOCACY

GSC is a conduit between graduate students and the Graduate School, university administration, and campus-wide student government to advocate for graduate students' needs and for **policies, procedures, and programs** that benefit graduate and professional students.

---

### INCLUSION

GSC brings graduate and professional students from all programs together for the purpose of **networking, collaboration, and advocacy on common issues**. GSC is committed to the inclusion of international students, LGBTQ+, and BIPOC students underrepresented in higher education.

---

### SUPPORT

GSC supports progress and professional development via travel awards and grants, spotlights, and funding programs and independent efforts using our **growing budget**. GSC also hosts Wellness Wednesdays to benefit graduate student mental health.
